THIS YEAR, THE ANANT RAJ GROUP HAS REACHED A RARE MILESTONE - COMPLETING 50 YEARS!

It has been an interesting and eventful journey that started with humble steps in 1969. Over these five decades, the Anant Raj Group has steadily expanded its presence in the real estate business in NCR, building up an impressive portfolio across residential, commercial, hospitality and IT assets. With an unblemished track-record of execution and delivery underlined with an uncompromising focus on quality, Anant Raj has emerged as a leading real estate player in NCR with a sterling reputation, respected and renowned.

What has endured Anant Raj over these fifty years?

Simply put, it is 'our way': we have never followed the herd. Our aspirations have been realistic. Our strategy has been rational. Our focus has been clear.

Today, the real estate sector is passing through one of its most challenging phases. Many giants with pan-India presence are stumbling. And yet, at Anant Raj, we stand steady. Guided by our promoters' clarity of vision and driven by the strength of conviction, we continue our journey with measured but confident strides of

CHAIRMAN & MANAGING DIRECTOR'S MESSAGE

It is our determined
PERSEVERANCE with Prudence
and Patience that will help
us successfully navigate the
rough weather, and we are
convinced we will sail through
to smoother seas very soon.

Dear Shareholders,

We are pleased to present this year's Annual Report for Anant Raj Limited. It is a matter of pride that this year marks the 50th year of the Group. Every great journey begins with small steps - and this is so true in the case of Anant Raj.

The journey that began with small steps in 1969 has seen us take confident strides across residential, commercial, IT Parks and hospitality segments in real estate. From building strong pillars in the 70s and establishing our position in the 80s, we leapfrogged with India as the country shifted to high-growth phase with liberalisation in the 90s. We entered the new millennium as one of the emerging names in the real estate space in the newly developing hotspot of NCR. We sailed through the financial crisis of 2008 on the basis of our clear geographic focus and strong emphasis on timely execution of projects.

The last few years have seen the real estate sector face major challenges. Oversupply and a large inventory overhang have been prime concerns impeding growth. The implementation of RERA in 2017 has brought in much needed transparency and accountability in the sector. Relaxation of FDIs over the years has been a step in the right direction for the sector. However, the NBFC crisis induced liquidity crunch since the end of 2018 has created fresh challenges for the sector. The government has been taking significant steps to boost the sector with initiatives like Housing for All by 2022 and Pradhan Mantri Awas Yojna (PMAY). Affordable housing has been a particularly bright spot in the residential sub-segment, so much so, that even large developers are now increasingly looking at Affordable housing as the next opportunity.

While the decidedly challenging economic and operating environment has affected all players in the sector, irrespective of size or location, at Anant Raj, we continued to push ahead with PERSEVERANCE, Prudence and Patience. We continued with our single-minded focus on execution of projects. This year, we received part Occupancy Certificate for MACEO - our group housing project at Sector 91 in Gurugram. Our iconic township project - Anant Raj Estate received one of the fastest partial-completion certificate for the residential colony which forms almost 65% of the total area.

This year, the Company also entered into its first ever 50:50 joint venture with Birla Estates Pvt. Ltd. for joint development of residential project at Sector 63A in Gurugram. The Company will contribute land which will be developed by the JV partner. The total developable area under the JV is around 35 msf with a monetisation value of US\$ 800 over the next 4 years.

Another key development during the year was the successful land allotment at Tirupati in Andhra Pradesh for affordable housing. After Anant Raj AASHRAY, this will be the Company's second foray into the growing affordable housing space. The 10.14 acre plot of land at Tirupati will result in a total developable area of 1.2 msf.

During the year, the Company commenced work on its new Cinema & Retail cum Commercial project at Trilokpuri. The Company has interesting project launches planned during the year including additions to its Moments Mall as well as up-gradation and additional capacity at one of its hotel properties at Chattarpur, New Delhi. Plans are also in advanced stages for a new multi-use development of a mid segment and upscale Luxury Hotel with Grade A commercial building at NH 8, New Delhi.

Given India's strong stand on data sovereignty, the Company is also considering developing India's largest data centre park at its IT Building RAI in Sonapat.

With this backdrop, let us now update you on the financial performance of the Company :

The consolidated Total Revenue for the year was ₹ 500.28 crore against ₹ 480.13 crore last year. There was a significant increase in the operating EBIDTA for the year which rose by almost 20% to ₹ 132.23 crore from ₹ 110.28 crore last year. However, the total Net Profit for the year was ₹ 66.47 crore against ₹ 65.98 crore in the previous year. In keeping the Company's excellent dividend track-record, a dividend of 12% (₹ 0.24) per share has been proposed, subject to the final approval of the shareholders.

The demerger of the Company is also progressing on schedule, we shall keep you posted on this.

As an organisation, Anant Raj has always been an outlier. Guided by the promoters' vision of always being vigilant and watchful, the Company has never shifted from its strong NCR focus. When undertaking projects, the Company has always taken on projects it is confident of executing within time and maintaining quality. Over the last fifty years, the Group has developed over 20 msf of outstanding real estate projects ranging from residential to retail and from IT Parks to commercial buildings to international standard hotels. It is the Company's clear understanding of its capacity and capability that has ensured its steady progress over these five decades and built a solid trust and sterling reputation in NCR region.

It is with this same vision and approach that we are confident of overcoming the current challenging phase in the real estate sector. It is our determined PERSEVERANCE with Prudence and Patience that will help us successfully navigate the rough weather, and we are convinced we will sail through to smoother seas very soon.

As we look ahead into the near and mid-term, we are quite excited. The worst, we think, might be over for the real estate sector. The re-elected government at the centre is resolute in its make in India a ₹5 trillion economy in the next five years. Its sharp focus on infrastructure and real estate is expected to kick-start revival in the sector. One of the key challenges of the sector has been the liquidity crunch. With the government's reforms expected to infuse liquidity, we are certain the real estate sector will pick up speed.

With those positive thoughts, we would like to express our sincere gratitude to all our stakeholders - our shareholders, our employees, our customers, our suppliers, our partners, our investors and our bankers, for their sustained trust and faith in the Anant Raj journey. It has been a wonderful journey of fifty years, but the best, we believe is yet to come...

Thank you and best wishes,

Yours sincerely,

PERSEVERANCE WITH PRUDENCE AND PATIENCE

At Anant Raj, we have always followed Our Way - the Anant Raj way.

The strong NCR focus for fifty years has given us a uniquely different understanding of this region. This unique understanding combined with our aim of steady growth has been at the heart of our enduring and endearing success. We have matched confidence with caution - taking a balanced approach. We have aligned growth with resources - ensuring we never over-stretch. We calibrated expansion with strategy - building a steady momentum.

This has made Anant Raj today amongst the top-rated real estate developers in NCR with a spotless reputation. Today, the Anant Raj brand name is respected and renowned across the real estate spectrum - from Residential Projects, Group Housing and Townships to IT Parks, Hotels and commercial and retail assets.

Over these five decades, Anant Raj has built a formidable presence in NCR based on its differentiated strategy and strengths. These are :

The AR Way

The Way Ahead...

At Anant Raj, we are confident. At Anant Raj, we are watchful.

We believe that while situation is challenging, there are signs of optimism and hopes for revival on the horizon. The catalyst will be the government's focus on developing the infrastructure and the real estate sectors coupled with long-term structural reforms like RERA and easing of FDI norms as well as initiatives like Housing for All under PMAY.

Our recent JV with Birla Estates Pvt. Ltd. will usher in more vibrancy as we now look at a new development model based on partnerships and alliances with reputed developers. The JV route opens new vistas to develop and monetise our expansive land bank without investing any fresh capital. Our land bank is one of the lowest priced in NCR and has a value that is much higher than the book value of the Company. Also, the entire land bank is ready-for-development

for projects across residential, commercial, hospitality and IT sub-segments.

We remain committed to reduce debt. Our focus continues to be on execution of on-going projects and ensuring they are all completed within timelines.

While the current waters are rough and choppy, At Anant Raj, we are determined. We are confident of navigating successfully and emerging into smoother seas and calmer weather as we continue to sail ahead on the strength of our strategy and vision.

At Anant Raj, we are marching ahead in our journey for 50 years with

Rental and Services Receipts

The Consolidated Rental and Services Receipts of your Company, during the period under review were ₹ 7126.42 Lakhs as compared to ₹ 5878.96 Lakhs

B. Future prospects and outlook of the Company

The year 2019-2020 will be both challenging and opportunistic and the ones likely to succeed are those who embrace the changing market dynamics. Apart from elections, credit growth and improvements in infrastructure will set the tone for economic growth in the future.

Historically real estate prices have traditionally remained soft ahead of the elections, but have regained momentum afterwards. While the polls might not substantially impact property prices, they could slow down policy clearances and infrastructure projects critical to real estate. A stable government at the centre in 2019 will further boost the growth in the sector.

The stringent measures enforced by Real Estate Regulatory Authority (RERA) have erased non serious players and only credible developers with proven track record are driving the market, both organically and via consolidation. This is expected to continue in 2019 as well and will see established names further capitalize on their brand to strike joint development deals with smaller players.

The implementation of title insurance will lead to renewed confidence among buyers and will definitely impact the real estate market favourably. Digitisation of land records will further aid in improving transparency in the land records maintenance, updating settlement records and reducing the scope of land disputes, thereby enhancing the real estate market.

Affordable and mid-income housing took center stage in 2018 and will continue to drive residential housing both in metro and Tier 2 cities. There has been an uptick of almost 15-20 percent with preference for ready to move in units owing to RERA and GST benefits. The massive push for improvement in infrastructure by the Government of India (GOI), including significant capital expenditure for roads, railways, development of smaller airports and expansion of schools and hospitals at the outskirts will benefit this segment further. This will provide better connectivity and have a multiplier effect thereby allowing developers to explore new projects in the peripheral areas of the cities.

Real Estate Investment Trusts (REIT) listings in 2019 will infuse liquidity in commercial real estate. It will fuel demand for office space from major sectors like logistics, manufacturing and consumer goods, besides IT and ITes and the banking and financial services sectors. Rentals in metros and Tier-1 and Tier-II cities will continue to remain in demand.

It will fuel demand for office space from major sectors like logistics, manufacturing and consumer goods, besides IT and ITes and the banking and financial services sectors.

In spite of all the efforts by the Government at the Centre to boost growth in the Sector is expected to be another tough year for real estate developers, given the ongoing liquidity problem, owing to the NBFC crisis.

Secretarial Audit Report

(For the financial year ended 31st March, 2019)

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
Members
ANANT RAJ LIMITED
PLOT NO. CP-1,
SECTOR-8, IMT MANESAR,
GURUGRAM, HARYANA,
INDIA-122051

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by ANANT RAJ LIMITED (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Anant Raj Limited ("the Company") books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2019 ("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Ananraj Limited (the Company") for the financial year ended on 31st March, 2019 according to the provisions as applicable to the Company during the period of audit:

- I. The Companies Act, 2013 (the Act) and the Rules made thereunder;
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- IV. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 and The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018

VI. Other Laws those are applicable specifically to the Company :

1. Land Acquisition Act, 1894
2. Environment (Protection) Act, 1986
3. Air Prevention and Control of Pollution Act, 1981
4. Transfer of Property Act, 1882
5. Indian Stamp Act, 1899
6. Consumer Protection Act, 1986
7. Real Estate (Regulation and Development) Act, 2016

I have also examined compliance with the applicable Clauses of the Following:

1. Secretarial Standard issued by The Institute of Company Secretaries of India;
2. SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the Listing Agreements entered into by the Company with Stock exchange (s).

During the Period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above Subject to following observations.

1. Non appointment of the Key Managerial Personnel (Chief Financial officer) from April 01, 2018 to March 31, 2019 under the provisions of Section 203 of the Companies Act, 2013.
2. Non-compliance under Regulation 17(1) of SEBI (LODR) Regulations 2015 regarding Composition of Board of Directors. The BSE and NSE (Stock Exchanges) had levied the fine for the quarter ended on September 30, 2018, December 31, 2018 and March 31, 2019.
3. Non-compliance / Delayed Compliance under Regulation 33 of SEBI (LODR) regulations 2015 for submission of Annually/Quarterly financial results within the period provided under regulations. The BSE and NSE (stock Exchanges) had levied the fine for the quarter ended on March 31, 2018 and June 30, 2018.

I further report that:

The Board of Directors of the Company was not duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The Company had appointed Two Non-executive Directors and One Independent woman Director as on 1st June, 2018 due to which the composition of Board of Directors consists of 5 (Five) promoter Directors and 4 (Four) Independent Directors., which was not in Compliance with Regulation 17(1) of SEBI (LODR) Regulations, 2015.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations, guidelines.

I further report that during the Audit period there were following Specific events/actions having a major bearing on Company's affairs in pursuance of the above referred Laws, Rules, regulations, guidelines, Standards, etc. which are :

- a) The Board of directors of the Company in its meeting held on August 29, 2018 approved draft Composite Scheme of Arrangement for Amalgamation and Demerger ("Scheme") involving the Amalgamation of Anant Raj Agencies Private Limited with and into Anant Raj Limited and immediately

thereupon, demerger of "Project Division" of the Company into Anant Raj Global Limited and their respective shareholders and creditors under Section 230 to 232 read with Sections 52 and 66 of the Companies Act, 2013. The Scheme was further modified in the Meeting of Board of Directors dated 18th October, 2018 to the extent of share Entitlement ratio relating to the amalgamation of Anant Raj Agencies Private Limited with and into Anant Raj Limited.

- b) The Company has passed Special Resolution for increase in borrowing limit upto ₹ 2750 Crores (Rupees Two Thousand Seven Hundred Fifty Crores) under section 180 (1)(C) of the Companies Act, 2013.

MANAGEMENT DISCUSSION & ANALYSIS

ECONOMY OVERVIEW

Indian Economy

India is widely expected to remain one of the fastest growing economies in the world despite moderation of its GDP growth in FY 2018-19. As per Indian Economy Survey Report July 2019, Indian GDP grew by 6.8% in FY 2018-19 against 7.2% in FY 2017-18. The slowdown is largely on account of strong global headwinds that created substantial drag on the Indian economy. Domestically, key factors like inflation remained benign. However, the overall sluggishness in demand in key sectors like automobiles and infrastructure combined with a tight monetary policy led to an overall contraction in both industrial and consumer demand. The NBFC crisis towards the end of the year affected not only the financial sector, but impacted sentiments across the board.

In an effort to boost the economy, the government has taken several measures. The government has announced ambitious plan to make India a ₹ 5 trillion economy by 2024. Towards this, renewed push on key sectors like infrastructure, agriculture, IT and digitization is expected which is likely to kick-start a revival of demand. Fresh public spending in the form of additional lending is also expected that will infuse the much-needed liquidity. The government's constant endeavour to improve ease of business has resulted in India's stand in World Bank's Ease of Doing Business Rankings rising by 23 positions to 77th rank among 190 countries.

Global Economy

The global economy continued to remain under pressure during 2018 led by the dual uncertainties of terms of BREXIT as well as tensions emanating from trade disputes between the USA and China. These factors contributed to sluggish manufacturing growth, nervous financial market sentiments and a contraction in industrial production. According to a latest report by the International Monetary Fund (IMF), global economy grew by 3.6% in 2018. The report further expects global growth to slow down to 3.2% in 2019, before rising to 3.5% on 2020.

INDUSTRY OVERVIEW

Indian Real Estate Market

The Indian real estate sector is one of the most critical and important sectors, playing a key role in India's fast-paced journey to economic growth and progress. It is the second-highest employment provided, next only to agriculture. As the country rapidly gallops on its development agenda, real estate will complement this by providing homes and commercial spaces that are so vital. While the sector has been passing through rough weather, there are visible signs of revival. Initiatives like the implementation of RERA has brought in much-sought after transparency and accountability in the sector. This has been particularly instrumental in improving the home-buyers' sentiments.

India's real estate sector would probably touch a market size of USD 1 trillion by 2030, from USD 120 billion in 2017. The sector is also expected to considerably contribute to the Indian GDP, forming 13% of the total GDP of the country by 2025 from 5-6% of GDP as estimated in 2018.

Government Initiative

The government has taken up several initiatives that are aimed at reviving demand in the real estate sector. Amongst these, key initiatives are:

- **Smart Cities Project & AMRUT (Atal Mission for Rejuvenation and Urban Transformation):** Smart Cities mission include investment of ₹ 1 trillion along the five-year plan i.e. on an average ₹ 100 Crore per city per year, combined with the matching State contribution in between the Financial Years 2016-2020. AMRUT Plan has been envisaged for providing basic services (e.g. water supply, sewerage, urban transport) to households and build amenities in cities. An investment of ₹ 13,750 crore has been allocated for AMRUT and Smart Cities Mission under Union Budget FY 2019-20.
- **Housing for All:** Under "Housing for All" or PMAY (Pradhan Mantri Awas Yojana) programme, launched in June 2015, the core aim is to build 20 million urban homes and 30 million rural houses by 2022. Under PMAY-Urban, more than 8.1 million houses with an outlay of about ₹ 4.83 lakh crore have been sanctioned as of March 2019, of which construction has started in about 47 lakh houses. In Union Budget FY 2019-20, the government has announced an additional deduction of ₹ 1.5 lakh on interest thereby amounting to total deduction of ₹ 3.5 lakh interest, for loans borrowed up to March 31, 2020, for affordable houses.
- **RERA (Real Estate Regulation Act) & REITs (Real Estate Investment Trust):** RERA, a much-needed structural reform, aims to bring transparency in under construction projects by regulating all project wise activities of builders including movement of money received from buyers. Recently, SEBI has allowed all types of investor to invest in REIT platform thereby creating opportunities worth ₹ 1.25 trillion in the Indian market over the years.

Future Industry Trends

- **Demand and Supply Trends:** Projects catering to the mid and affordable segments that are well located along with developed physical and social infrastructure are expected to record better demand and supply traction.
- **Market Consolidation:** Demonetisation, RERA Act, NBFC crisis and GST that has impacted small and medium sized developers with high leverage and led to major market consolidation.

- **Private Equity Investors' Participation:** Most of the developers being over leveraged, a conducive environment has been created by the introduction of REIT, which has opened up equity fund raising avenues for cash strapped developers.
- **Alternate Assets Drive:** With the increasing number of students and young professionals, co-living is gaining huge prominence in the recent period.
- **Technology Aiding to Sales:** Improvements in construction and adoption of technology would have far reaching implications on cost, timeliness and quality, all of which are becoming significant to developers as well as end users.

Sector Challenges:

- **Oversupply in the Sector:** During the peak period of the property boom, many real estate companies invested heavily in developing the middle range and premium properties. When the cycle turned, most of these properties could not find buyers leading to oversupply in the sector. Major markets such as Kolkata, Mumbai, Bengaluru, and NCR have an average inventory over two years. Further, the shortage of working capital has led to many builders defaulting on their delivery commitments to customers.
- **Rising Input Cost:** The lengthy and complex approval process leads to a high gestation period which eventually results in project cost escalation by 20-30%. The non-availability of land within city limits along with the rising land and construction cost is leading to an increase in the overall cost of the projects, thus making the projects unviable.
- **Single Window Clearance:** The major obstacle a real estate developer faces are the property clearance, which usually takes 18 to 36 months. Single Window Clearance is the biggest challenge faced by real estate developers.
- **Lack of adequate funding sources:** Limited foreign funding sources and NBFC (major funding source) liquidity crisis has adversely affected the growth of the sector.

Besides the above challenges, the real estate sector is also struggling due to restrictive development norms such as low Floor Area Ratio (FAR), density norms, ground coverage, parking provision, etc., along with certain stringent development and environmental norms.

Indian Residential Real Estate

The residential segment in India contributes 80% of the entire real estate sector. During the year 218, new home launch increased by 76% - from 1.04 lakh units in 2017 to 1.82 lakh units in 2018. There was a moderate rise in home sales which in 2018 which grew by 6.1% from 2.28 lakh unit in 2017 to 2.42 lakh units in 2018. The unsold housing inventory also reduced by 11.4% - 5.28 lakh units in 2017 to 4.68 lakh units in 2018. This improvement was due to a period of stabilization, right-sizing and right-pricing of new residential products. Home buyer sentiments were buoyed by statutory changes like RERA 2016, implementation of GST as well as the Benami Transactions (Prohibition) Amendment Act 2016 which discouraged speculators. This has laid a strong foundation for a healthy end-user's market.

In H1 2019, the number of housing units launched grew by a significant 21% year-on-year (YoY) to 1.11 lakh units. Housing sales grew by a steady 4% yearly growth to 1.29 lakh units. The unsold inventory reduced by 9.5% YoY from 4.97 lakh units in H1 2018 to 4.50 lakh units in H1 2019. The growth had been largely based on the volumes generated in the affordable housing segment that has seen a host of incentives under the government's "Housing for All by 2022" programme.

Increasing population, rapid urbanization, development of Tier II cities as well as rise in the number of nuclear families, easy availability of finance, repatriation of NRIs (Non-Resident Indian) and HNIs (High Net-worth Individuals) and rising disposable income constitute key drivers of residential real-estate growth in India.

NCR (National Capital Region) Residential Real Estate:

The residential real estate market in NCR displayed slower growth as compared to its suburban markets of Gurgaon and Greater Noida. The NCR residential market recorded a growth of 33% to 0.16 lakh units in 2018 as compared to 0.12 lakh units in 2017. Also, the housing units sold increased to 0.41 lakh units in 2018 from 0.38 lakh units in 2017, whereas the unsold inventory of housing units reduced to 1.42 lakh units in 2018 from 1.67 lakh units in 2017. Greater Noida comprised 50% of the total sales in 2018 followed by Ghaziabad and Gurugram at 19% and 17%, respectively.

In H1 2019, the availability of new land for development and the allotment of group housing licenses in areas with lesser infrastructural development, project delays due to litigations and the liquidity crunch adversely affected NCR's residential appetite. The new housing unit launches in NCR decreased to approximately 0.08 lakh units in H1 2019 as compared to 0.09 lakh units in 2017, while the housing units sold increased to 0.20 lakh units in H1 2019 from 0.18 lakh units in H1 2018. Noida contributed significantly to the new launches in H1 2019 comprising 46% of the total launches followed by Greater Noida with a share of 15%. With the streamlining by the Haryana RERA and the rapid pace of completion of delayed infrastructure projects such as the Dwarka Expressway, the city's realty is on a road to recovery.

Indian Commercial Real Estate

India's commercial real estate sector is mainly dominated by a few large developers with a Pan-India presence. The slump in home-buyer demand and the ongoing correction in real estate prices led the developers and institutional investors to capitalize on the commercial space. Consequently, the commercial real estate market recorded higher growth in terms of supply as it increased to 39.3 million square feet (msf) in 2018 from to 32.7 msf in 2017. Also, transactions during the year 2018 grew to 47.6 msf in 2018 from 41.8 msf in 2017. In 2018, Bengaluru and Mumbai topped the office rentals space growing by 17.2% and 17%, respectively.

The supply of office space increased by 31% YoY to 23.9 msf in the H1 2019, thereby recording a decadal high growth in the commercial space. In terms of total office rental value, the highest YoY growth was recorded in Ahmedabad during H1 2019 at around 14.3%, followed by Bengaluru at 13.5%. The office market has been driven mostly by growth in ITeS (Information Technology Enabled Services)/IT (Information Technology), BFSI (Banking, Financial Services, and Insurance), Consulting and Manufacturing sectors. "Grade-A" office space absorption is expected to cross 700 msf by 2022, with Delhi-NCR contributing the most to this demand.

NCR Commercial Real Estate

New completions in the NCR commercial real estate market reached to 7.6 msf in 2018 compared to 4.1 msf in 2017, recording a significant growth 86% over 2017. The growth supply stabilized the NCR office market vacancy levels around 16% in 2018 and put upward pressure on the rentals. Key office buildings in micro markets of Gurugram and Noida have seen increased occupier interest. Hence, the total transactions grew by 13.8% in 2018 reaching 7.4 msf from 6.5 msf in the previous year.

In H1 2019, NCR office market recorded an area totalling to 3.8 msf in terms of transactions and 64% yearly growth in new completions, reaching 5.9 msf during H1 2019. Though leasing activity has been steady, the new completions entering the NCR market have slightly pushed the overall vacancy levels to 16.8% in H1 2019 as compared to 16.4% in H1 2018. The upcoming expressways as well as the on-going Gurugram Metro combined with upcoming mega projects such as Delhi Aerocity are expected to improve the overall appeal of the commercial area.

- **ANANT RAJ ESTATE**

This is one of the most prestigious project of the Company spread over an area of approximately 165 acres. The project was commenced by the Company in the year 2012 as completely integrated township with residential plots, built up luxury villas & floors, commercial spaces along with other social infrastructure i.e. school, nursing homes, community centre etc.. Since the launch of the project the company focussed on execution and in a span of 2 years only got its first partial completion for almost 65% of the project. The project still remains to be the flagship project of the Company in the Residential Segment with an estimated revenue generation of 1.2 Billion US\$ over the next 5-7 years.

To further enhance the development of the Anant Raj Estate, the company recently formed a Joint Venture with Birla Estates Private Limited for approximately 70 acres of land with an intent to develop luxury independent floors & high rise apartments targetting a revenue yield of 800 million US\$ over the next 4 years. The JV has been created in the name of an LLP "Avarna Projects LLP "

The Company is very confident that the partnership with the highly reputed brand of Birla will certainly enhance the overall development of the Project.

The Company has also received occupation certificates for the luxury floors and villas built in the project and most of its customers have already started residing in their respective units.

- **Affordable / Low Cost Housing**

Over the last few years, ARL has proven its expertise in the development and delivery of residential projects qualified under Affordable Housing.

- (i) The Company has successfully developed 2600 flats at Anant Raj Ashray at Neemrana in Rajasthan.
- (ii) The Company has recently bagged a project from APIIC (Andhra Pradesh Industrial Infrastructure Corporation) to develop 2000 affordable homes in the auspicious city of Tirupati (Andhra Pradesh). The project will be spread over an area of 10.14 acres in an industrial colony developed by APIIC in Tirupati. The Company bagged this project due to its expertise in the Affordable Housing Segment. It has successfully delivered 2600 affordable homes in the State of Rajasthan in an industrial colony developed BY RIICO (Rajasthan State Industrial Development and Investment Corporation) in Neemrana, Rajasthan. Anant Raj is one of the pioneers in delivering affordable homes well in the line with Hon'ble Prime Minister's vision of " Housing for all". Development in the Tirupati project will commence in the next 3-4 months with a completion target of maximum 48 months. The Company has formulated a SPV by the name " Jai Govinda Ghar Nirman Limited" for development of this project. It Plans to develop 2BHK units with a targeted sale price of Rs. 12-15 lacs only per unit.

Hospitality Projects

The Company is conscious of the increasing demand for Hospitality and Convention facilities in the National Capital and has decided to develop its sizable portfolio of its Hotel and Hospitality land parcels in New Delhi. The Company intends to develop these Projects as mixed land use development to provide to the community Hotel, Hospitality, Convention and Commercial facilities at multiple locations in New Delhi.

The Company's hotel projects are situated in premium Hospitality, Banquet and Convention districts of New Delhi admeasuring individually from 5 to 7.5 Acres. Some of these Projects are presently being operated by external operators. The Company's hospitality projects namely

Business Strengths

- **Enormous Land Bank:** Over a decade ago, the Company's future-focused approach enabled it to acquire approximately 1,050 acres of fully paid land bank in prime locations of Delhi and other NCR markets at relatively lower rates. Today, ARL owns one of the largest land bank in NCR comprising of about 14-15 prime land parcels for developing hospitality business verticals with a locational advantage of being situated near airports and highways. This low-cost and ready-for-development land bank has allowed the Company to significantly reduce its capex and majorly concentrate over working capital requirements and project execution costs. The successful execution of the low-cost housing project Anant Raj "AASHRAY" at Neemrana in Rajasthan where the Company delivered 2,600 low-cost homes in record time was a direct result of this low-cost land bank.
- **Diversified Business Portfolio:** The Company has an expansive and diversified portfolio, 30% of which is residential, 30% commercial and the rest 40% is occupied by IT/logistics, hospitality, townships, and malls. This distributed and diversified portfolio ensures a steady cash flow by way of lease and rental income as well as gives the Company advantage of value appreciation over time.
- **High Prospects in Commercial Real Estate:** The rising demand for commercial real estate space has created an excellent opportunity for the Company. The Company has over 5 msf of high quality ready for fit-out office space in NCR of which only 30% is currently leased out by the Company. With rising demand from large organisations, ARL is one of the few developers who can offer ready space.

- **Robust Project Execution Skills:** The Company intensively maintains project execution schedule. This has been majorly possible due to the most professional and highly skilled in-house construction team of engineers, architects, designers, and other associated employees. Additionally, a robust IT platform and a favourable bond with quality raw material suppliers have magnified the project execution capability of the Company.

Business Strategies:

- **Strategic Partnerships:** ARL has been planning to enter into strategic partnerships with leading international brands. The Company has entered into a 50:50 joint venture in the form of a LLP with Birla Estates Pvt. Ltd. (Birla Estates) for the development of two residential projects (1) Group Housing of approx. 26 Acres and (2) Gated Independent Floor Colony at approx. 47 Acres (part of Ananraj Estate project) at Sector 63A, Gurugram, Haryana, collectively approx. 33 lacs square feet area.

The size of joint venture would be approx ₹ 760 crores. ARL would contribute majorly towards the project land and Birla Estates would form the working partner in the project. This forms the first major joint venture of ARL for the development of residential projects. The brand and expertise of Birla Estates are expected to add great value to the existing expertise and strengths of the Company.

- **Strengthening Leadership Position in NCR:** ARL has planned to position itself as an Integrated Infrastructure Development Enterprise in the NCR with the highest quality of construction, ethics, business standards and value creation for shareholders, investors, and customers.
- **Business Integration:** The Company has been working to completely amalgamate "Anant Raj Agencies Private Limited" and demerge its Projects Division into a wholly-owned subsidiary named "Anant Raj Global Limited" (ARGL). This would allow it to better pursue inorganic and organic growth opportunities in such businesses. The different business verticals would also aid in a more focused and aggressive growth strategy and help in better management, enhancing the Company's growth opportunities.

Business Outlook:

The Company has been performing steadily at all its businesses - residential, commercial, hospitality, IT Parks and affordable housing. The rising residential and commercial demand, favourable macro-economic factors supported by several government initiatives in the sector would help the Company in building larger and high valued projects in the future. Also, the deal with Birla Estates is expected to enhance and enlarge the Company's brand value as well as augment newer opportunities in the segment. Besides the well-integrated business model, unmatched experience, brilliant track record in project execution and completion combined with burgeoning real estate demand would further expand the Company's business in the NCR region.

Any irregularity, failure or deviation of internal control systems are reported to the management so that timely and adequate measures are undertaken to ensure uninterrupted functioning of the business.

RISK AND MITIGATION

- **Liquidity Risk:** The cost of funding remains high as land financing is available mostly from NBFC. Being a highly capital-intensive business, non-availability of cheap funds may adversely affect the Company in terms of project delays, escalating construction costs and ending up with liquidity crisis.

Mitigation Measures: The Company has made a huge investment in land bank, which forms a major part of the project cost. The present market value of the land bank is significantly higher than the book value of debt. Also, lease and rental income from commercial properties meet the working capital requirements.

- **Operational Risk:** The Company needs to maintain high operational efficiency to ensure its competitiveness across the region.

Mitigation Measures: The management team effectively handles the internal processes in terms of optimisation in technology and capital efficiencies. The Company's dynamic experience, modern technologies, skilled manpower, and efficient project execution capabilities facilitates in managing operations accurately and on time, significantly reducing the operational costs.

- **Inventory Risk:** Being a highly regulated industry, the delay in regulatory approval, clearances, labour availability, and access to utilities like water and electricity, etc. lead to cost overruns, which further lead to delays/stalling of project launches and resulting in inventory pile up.

Mitigation Measures: Being one of the most prominent real estate developers in NCR, the Company is transparent in disclosing adequate and accurate details about its projects. The Company prudently selects project after diligent understanding of demand, location and market conditions. Also, the Company has been successful in securing buyers' faith, minimize inventory pileup and safeguard itself from a slump.

CAUTIONARY STATEMENT

The Management Discussion and Analysis contains statements for describing the Company's objectives, projections, estimates, expectation or predictions. These statements are 'forward-looking' in nature and are within the meaning of applicable securities laws and regulations. The Company has undertaken various assessments and analysis to make assumptions on future expectations on business development. However, various risks and unknown factors could cause differences in the actual developments from our expectations. Important factors that could make a difference to the Company's operations include macro-economic developments in the country and improvement in the state of capital markets, changes in the Governmental regulations, taxes, laws and other statutes and other incidental factors. The Company undertakes no obligation to publicly revise any forward-looking statements to reflect future/likely events or circumstances.

INDEPENDENT AUDITOR'S REPORT

To the Members of Anant Raj Limited Report on the Audit of the Standalone Financial Statements

OPINION

We have audited the accompanying standalone financial statements of Anant Raj Limited ("the Company"), which comprises the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (Act), in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended (Ind AS), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics (CoE) issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:-

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, were required to report that fact, we have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform

audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operative effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of section 143 (11) of

the Act, we give in the Annexure-'A' a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Anant Raj Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Anant Raj Limited ("the Company") as of March 31, 2019, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

1 CORPORATE INFORMATION

Anant Raj Limited is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on the Bombay Stock Exchange and National Stock Exchange. The Company is primarily engaged in development and construction of information and technology parks, hospitality projects, special economic zones, office complexes, shopping malls and residential projects in the State of Delhi, Haryana, Rajasthan and the National Capital Region.

The financial statements are approved for issue by the Company's Board of Directors on May 30, 2019.

2 ACCOUNTING POLICIES

a) Basis of preparation of financial statements

The standalone financial statements of the Company have been in accordance with Indian Accounting Standards (Ind AS), have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2913, (Ind AS compliant Schedule III), as applicable to these financial statements.

The standalone financial statements have been prepared on a going concern basis in accordance with accounting principles generally accepted in India. Further, the standalone financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair values at the end of each reporting period.

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the Accounting policies hitherto in use.

The standalone financial statements are presented in Rupees in lakhs, except when otherwise indicated.

b) Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note C. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

c) Critical accounting estimates

Revenue recognition

The Company uses the percentage-of-completion method in accounting for its cost plus contracts. Use of the percentage-of-completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

d) Property plant and equipment

Property, plant and equipment are stated at their cost of acquisition/construction, net of accumulated depreciation and impairment losses, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. Capital work-in-progress represents expenditure incurred in respect of capital projects which are carried at cost. Cost includes land, related acquisition expenses, development and construction costs, borrowing costs and other direct expenditure.

Advances paid towards acquisition of tangible assets outstanding at each Balance Sheet date are disclosed as Capital Advances under 'Other Non-Current Assets' and cost of fixed assets not yet ready for their intended use as at the reporting date are disclosed under 'Capital Work in Progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

Depreciation on fixed assets is charged in accordance with estimate of useful life of the assets on written down value method, at rates specified in Schedule II of the Act. Depreciation on assets purchased/sold during a period is proportionately charged.

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

e) Investment properties

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition, including transaction costs. On transition to Ind AS, the Company had elected to measure all of its investment properties at the previous GAAP carrying value (deemed cost). Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The Company discloses the fair value of investment properties in notes to the financial statements. Fair values are determined based on annual evaluation performed by the management.

Investment properties are derecognized either when they have been disposed off or when they have been permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of derecognition.

f) Financial instruments

i) Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

ii) Subsequent measurement

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investments in equity instruments of subsidiaries, joint ventures and associates

Investments in equity instruments of subsidiaries, joint ventures and associates are accounted for at cost in accordance with Ind AS-27 'Separate Financial Instruments'.

iii) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition in accordance with Ind AS 109 "Financial Instruments" issued by the Ministry of Corporate Affairs, Government of India. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

g) Impairment

i) Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

ii) Non-financial assets

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss, if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

h) Provisions and contingent liabilities

Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

i) Inventories

Real Estate: Lower of cost or net market value; Cost includes cost of acquisition and other related expenses incurred in bringing the inventories to their present location and condition. Net market value is the estimated selling price in the ordinary course of business.

Constructed/Under Construction Properties: Lower of cost or net realisable value. Cost includes the cost of land, internal development cost, external development charges, construction costs, overheads, borrowing costs and development/ construction material.

Development Rights: At cost of acquisition, including cost of acquiring rights of any interested party. Development rights are considered to have been acquired on execution of a Development Agreement upon vesting of irrevocable rights in the Company to construct, market, and sell the development over land and realize and retain the economic and other benefits.

j) Unbilled receivables

Unbilled receivables represent revenue recognized based on Percentage of Completion of Construction Method [Para (k) below], to the extent the work completed exceeds billed receivables.

k) Revenue recognition

(i) Revenue from contracts from customers

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers", issued by the Ministry of Corporate Affairs, using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted.

Pursuant to the application of Ind AS-115, the Company has applied following accounting policy for revenue recognition:

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- a) The customer simultaneously receives and consumes the benefits provided by the Company's performance as the entity performs; or
- b) The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- c) The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue is recognised either at point of time and over a period to time based on various conditions as included in the contracts with customers.

The Company did not have any adjustments to retained earnings as at April 1, 2018 and also there were no impact on recognition and measurement of revenue on adoption of Ind AS 115

(ii) Others:

- a) Revenues from sale of investment properties and assets to the extent of sale consideration reduced by the respective costs thereof in each case, being value inclusive of cost of acquisition, and construction and development cost thereof.
- b) Forfeiture due to non fulfilment of obligations by counter parties is accounted as Revenue on unconditional appropriation.
- c) Revenues from rentals are recognised on accrual basis in accordance with terms of agreements executed with respective tenants.
- d) Service receipts and interest from customers is accounted for on accrual basis.

- e) Divided income is recognised when the shareholder or unit holder's right to receive payment is established, which is generally when shareholder approve the dividend.
- f) Share of profit/loss from firm in which the Company is a partner is accounted for in the financial year ending on the date of the Balance Sheet.
- g) Interest income is recognized using effective interest method.
- h) Interest on arrears of allotment money is accounted in the year of receipt.

Revenue from fixed-price, fixed-time frame contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage - of -completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Maintenance revenue is recognized ratably over the term of the underlying maintenance arrangement.

l) Claims

Claims lodged by and lodged against the Company are accounted in the year of payment or settlement thereof.

m) Borrowing costs

Borrowing costs directly attributable to the acquisition and/or construction/production of qualifying assets which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are charged to Statement of Profit and Loss as incurred. Borrowing consist of interest and other costs that the Company incurs in connection with the borrowings of funds.

n) Employee benefits

Benefits such as salaries, wages and short term compensations etc. and the expected cost of ex-gratia is recognized in the period in which the employee renders the related service.

The Company's Gratuity and Leave encashment schemes are defined benefit plans. The Company provides for gratuity covering eligible employees on the basis of actuarial valuation as carried out by an independent actuary using the Projected Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans is based on the market yields on Government securities as at the Balance Sheet date.

The liability is un-funded. Actuarial gains and losses arising through re-measurement of net defined benefit liability/(assets) are recognised in 'Other Comprehensive Income'. Leave encashment benefits payable to employees of the Company with respect to accumulated leave outstanding at the year end are accounted for on the basis of an actuarial valuation as at the Balance Sheet date.

Contributions payable by the Company to the concerned government authorities in respect of provident fund, family pension fund and employees state insurance are defined contribution plans. The contributions are recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service. The Company does not have any further obligation in this respect, beyond such contribution. Other employee benefits are accounted for on accrual basis.

o) Foreign currency

Transaction and translation

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

p) Income taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in 'Other Comprehensive Income'. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not

provided on the undistributed earnings of subsidiaries and associates where it is expected that the earnings of the subsidiary or associates will not be distributed in the foreseeable future. The Company off sets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to share premium.

q) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

r) Dividends

Dividend on equity shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

s) Earnings per equity share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

t) Leases

Leases where the lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating lease. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on straight line basis over the lease term. Finance lease which effectively transfer to the Company substantial risk and benefits incidental to ownership of the leased items, are capitalized and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, which ever is lower. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit and Loss over the lease term.

u) Segment reporting

Operating segments are reported in the manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Managing Director of the Company has been identified as CODM and he is responsible for allocating the resources, assess the financial performance and position of the Company and makes strategic decisions.

The Company has identified one reportable segment "Real Estate" based on the information reviewed by the CODM. Refer Note no. 44 for the Segment information presented.

v) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle.
- b) Held primarily for the purpose of trading.
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle.
- ii) It is held primarily for the purpose of trading.

- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

w) Recent accounting pronouncements

Ind AS-116 'Leases': On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS-116, 'Leases'. Ind AS-116 will replace the existing leases Standard, Ind AS-17 'Leases', and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS-116 introduces a single lessee accounting model and require a lessee to recognize assets and liabilities for all leases with of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Statement of Profit and Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS-116 substantially carries forward the lessor accounting requirements in Ind AS-17.

The effective date for adoption of Ind AS-116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

- a) Full retrospective - Retrospectively to each prior period presented applying Ind AS-8 'Accounting Policies, Changes in Accounting Estimates and Errors,
- b) Modified retrospective - Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or • An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS-17 immediately before the date of initial application. Certain practical expedients are available under both the methods.

The Company is in the process of assessing the impact of this new standard.

Ind AS-12 Appendix C, 'Uncertainty over Income Tax Treatments': On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS-12 Appendix-C, 'Uncertainty over Income Tax Treatments' which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS-12. According to the Appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates. The standard permits two possible methods of transition - i) Full retrospective approach - Under this approach, Appendix-C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight, and ii) Retrospectively with cumulative effect of initially applying Appendix-C recognized by adjusting equity on initial application, without adjusting comparatives. The effective date for adoption of Ind AS 12 Appendix-C is annual periods beginning on or after April 1, 2019. The Company does not have any impact on account of this notification.

Amendment to Ind AS-12 - Income taxes: On March 30, 2019, the Ministry of Corporate Affairs issued amendments to the guidance in Ind AS-12 'Income Taxes', in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in the Statement of Profit and Loss, Other Comprehensive Income or Equity according to where the entity originally recognised those past transactions or events. Effective date for application of this amendment is annual period beginning on or after April 1, 2019.

Amendment to Ind AS-19 - Plan amendment, curtailment or settlement - On March 30, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS-19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity: i) to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and ii) to recognise in the Statement of Profit and Loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

44 SEGMENT REPORTING

An operating segment is one whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance. The Company has identified the chief operating decision maker as its Managing Director. The Chief Operating Decision Maker reviews performance of real estate business on an overall business.

As the Company has a single reportable segment, the segment wise disclosure requirements of Ind AS 108 on 'Operating Segment' is not applicable. In compliance to the said standard, Entity-Wise disclosures are as under:

a) **Revenues from external customers attributed to the country of domicile and attributed to all foreign countries from which the Company derives revenues**

45 EVENT OCCURRING AFTER BALANCE SHEET DATE

The Board of Directors in its meeting held on May 30, 2019, has recommended final equity dividend of Re. 0.24 per equity share (Re. 0.24 per equity share) for the financial year 2018-19.

46 FINANCIAL INSTRUMENTS

Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

(₹ In Lakhs)		
Particulars	March 31, 2019	March 31, 2018
Borrowings (long-term and short-term, including current maturities of long term borrowings)	249933.36	226442.30
Trade payables (Note 18)	1230.43	873.18
Other payables (Note 15 & 19)	57923.32	51431.85

Capital and net debt	726321.13	687855.75
Gearing ratio (Net debt/Capital and Net debt)	41.88%	39.75%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

47 FAIR VALUE MEASUREMENTS

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

The following is the basis of categorising the financial instruments measured at fair value into Level 1 to Level 3:

- i) Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.
- ii) Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- iii) Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs).

Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Trade receivables, cash and cash equivalents, other bank balances, loans, other current financial assets, trade payables and other current financial liabilities: Approximate their carrying amounts largely due to short-term maturities of these instruments.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of all the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of the financial instruments subsequent to the respective reporting dates may be different from the amounts reported at each year end.

48 FINANCIAL RISK MANAGEMENT OBJECTIVES

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include inventory, trade and other receivables, cash and cash equivalents and land advances that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ realestate risk. Financial instruments affected by market risk include loans and borrowings.

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets.

Trade receivables

- i) Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Company's credit risk in this respect.
- ii) Receivables resulting from other than sale of properties: Credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively.

c) Financial Instrument and cash deposits

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, the Company's treasury maintains flexibility in funding by maintaining availability under committed credit lines. The management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows.

INDEPENDENT AUDITOR'S REPORT

To the Members of Anant Raj Limited
Report on the Audit of the Consolidated Financial Statements

OPINION

We have audited the accompanying consolidated financial statements of Anant Raj Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities, which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (Act), in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (Ind AS) and other accounting principles generally accepted in India, of their consolidated state of affairs of the Company as at March 31, 2019, of consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in

the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated Financial Statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact, we have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associates and jointly controlled entities in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operative effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the consolidated Financial Statements, including the disclosures, and whether the consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

OTHER MATTERS

- a) We did not audit the financial statements / financial information of 95 (Ninety Five) subsidiaries, and 1 (One) partnership firm in which Company is a partner, whose financial statements / financial information reflect total assets of ₹ 1650.42 Crores as at March 31, 2019, total revenues of ₹ 67.42 Crores for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit/loss of ₹ 10.87 Crores for the year ended March 31, 2019, as considered in the consolidated financial statements, in respect of 3 (Three) associates, whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled entities, associates, and partnership firm, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, jointly controlled entities associates and a partnership firm, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by Section 143(3) of the Act, based on our audit report we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2019, taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries, associate companies and jointly controlled companies incorporated in India, none of the directors of the Group companies, its associate companies and jointly controlled companies incorporated in India is disqualified as on March 31, 2019, from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure-A which is based on the auditor's reports of the Company and its subsidiaries, associate

companies, and jointly controlled companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of those companies.

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associates and jointly controlled entities- Refer Note 26, 31, 32 and 35 to the consolidated financial statements.
 - ii. The Group, its associates and jointly controlled entities did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies, associate companies and jointly controlled companies incorporated in India.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of the section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of Anant Raj Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the holding Company and its subsidiary companies, which companies are incorporated in India, are responsible for laying down and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial Controls Over Financial Reporting (Guidance Note) issued by the Institute Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the holding Company, its subsidiary companies, and its associate companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and associate companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the other auditors referred to in the Other Matters paragraph below, the holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

OTHER MATTERS

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 95 (Ninety) subsidiary companies, 1 (One) partnership firm and 3 (Three) associate companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

1 CORPORATE INFORMATION

Anant Raj Limited is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on the Bombay Stock Exchange and National Stock Exchange. The Company is primarily engaged in development and construction of information and technology parks, hospitality projects, special economic zones, office complexes, shopping malls and residential projects in the State of Delhi, Haryana, Rajasthan and the National Capital Region.

The financial statements are approved for issue by the Company's Board of Directors on May 30, 2019.

2 ACCOUNTING POLICIES

a) Basis of preparation of financial statements

The financial statements of the subsidiaries, associates and jointly controlled entities used in the consolidation are upto the same reporting date as that of the Company i.e. March 31, 2019.

The consolidated financial statements of the Company have been in accordance with Indian Accounting Standards (Ind AS), have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the these financial statements.

The consolidated financial statements have been prepared on a going concern basis in accordance with accounting principles generally accepted in India. Further, the consolidated financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair values at the end of each reporting period.

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the Accounting policies hitherto in use.

The consolidated financial statements are presented in Rupees in lakhs, except when otherwise indicated.

b) Basis of consolidation

The CFS comprise the financial statements of the Company and its subsidiaries as at March 31, 2019. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- (i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).
- (ii) Exposure, or rights, to variable returns from its involvement with the investee, and
- (iii) The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (i) The contractual arrangement with the other vote holders of the investee.
- (ii) Rights arising from other contractual arrangements.
- (iii) The Group's voting rights and potential voting rights.
- (iv) The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee, if facts and circumstances, indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the CFS from the date the Group gains control until the date the Group ceases to control the subsidiary.

CFS are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the CFS for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the CFS to ensure conformity with the group's accounting policies. The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Company, i.e., year ended on March 31. When end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidated procedure:

- (i) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the CFS at the acquisition date.
- (ii) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- (iii) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the CFS. Ind AS12 'Income Taxes' applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.
- (iv) Profit or loss and each component of 'Other Comprehensive Income' (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if, this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.
- (v) The Company consolidates the entities which it owns or controls. The CFS of the Company, its controlled subsidiaries are disclosed in Note No. 30. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the investee's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.
- (vi) The financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transaction including unrealized gain/ loss from such transaction are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net asset of subsidiaries that are not, directly or indirectly, owned or controlled by the Company, are excluded.
- (vii) Associates are entities over which the Group has significant influence but not control. Investment in associates are accounted for using the equity method of accounting. The investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of profit or loss of the investee after the acquisition date. The Group's investment in associates includes goodwill identified on acquisition.

c) Use of estimates

The preparation of the CFS in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the CFS and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these CFS have been disclosed in Note 'C'. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the CFS in the period in which changes are made and, if material, their effects are disclosed in the notes to the CFS.

d) Critical accounting estimates

Revenue recognition

The Company uses the percentage-of-completion method in accounting for its cost plus contracts. Use of the percentage-of-completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

e) Property plant and equipment

Property, plant and equipment are stated at their cost of acquisition/construction, net of accumulated depreciation and impairment losses, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. Capital work-in-progress represents expenditure incurred in respect of capital projects which are carried at cost. Cost includes land, related acquisition expenses, development and construction costs, borrowing costs and other direct expenditure.

Advances paid towards acquisition of tangible assets outstanding at each Balance Sheet date are disclosed as Capital Advances under 'Other Non-Current Assets' and cost of fixed assets not yet ready for their intended use as at the reporting date are disclosed under 'Capital Work in Progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

Depreciation on fixed assets is charged in accordance with estimate of useful life of the assets on written down value method, at rates specified in Schedule II of the Act. Depreciation on assets purchased/sold during a period is proportionately charged.

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

f) Investment properties

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition, including transaction costs. On transition to Ind AS, the Company had elected to measure all of its investment properties at the previous GAAP carrying value (deemed cost). Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The Group discloses the fair value of investment properties in notes to the consolidated financial statements. Fair values are determined based on annual evaluation performed by the management.

Investment properties are derecognized either when they have been disposed off or when they have been permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of derecognition.

g) Financial instruments

i) Initial recognition

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

ii) Subsequent measurement

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investment in associates

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Company's investment in its associates is accounted for using the equity method. Under the equity method, the investment in an associate is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Company share of net assets of the associate since the acquisition date. Goodwill relating to the associate is included in the carrying amount of the investment and is not tested for impairment individually.

iii) Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition in accordance with Ind AS 109 "Financial Instruments" issued by the Ministry of Corporate Affairs, Government of India. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

h) Impairment

i) Financial assets

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

ii) Non-financial assets

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss, if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

i) Provisions and contingent liabilities

Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

j) Inventories

Real Estate: Lower of cost or net market value; Cost includes cost of acquisition and other related expenses incurred in bringing the inventories to their present location and condition. Net market value is the estimated selling price in the ordinary course of business.

Constructed/Under Construction Properties: Lower of cost or net realisable value. Cost includes the cost of land, internal development cost, external development charges, construction costs, overheads, borrowing costs and development/ construction material.

Development Rights: At cost of acquisition, including cost of acquiring rights of any interested party. Development rights are considered to have been acquired on execution of a Development Agreement upon vesting of irrevocable rights in the Company to construct, market, and sell the development over land and realize and retain the economic and other benefits.

k) Unbilled receivables

Unbilled receivables represent revenue recognized based on Percentage of Completion of Construction Method [Para (l) below], to the extent the work completed exceeds billed receivables.

l) Revenue recognition

(i) Revenue from contracts from customers

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers", issued by the Ministry of Corporate Affairs, using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted.

Pursuant to the application of Ind AS-115, the Company has applied following accounting policy for revenue recognition:

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- a) The customer simultaneously receives and consumes the benefits provided by the Company's performance as the entity performs; or
- b) The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- c) The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue is recognised either at point of time and over a period to time based on various conditions as included in the contracts with customers.

The Group did not have any adjustments to retained earnings as at April 1, 2018 and also there were no impact on recognition and measurement of revenue on adoption of Ind AS 115.

**(ii) Others:**

- a) Revenues from sale of investment properties and assets to the extent of sale consideration reduced by the respective costs thereof in each case, being value inclusive of cost of acquisition, and construction and development cost thereof.
- b) Forfeiture due to non fulfilment of obligations by counter parties is accounted as Revenue on unconditional appropriation.
- c) Revenues from rentals are recognised on accrual basis in accordance with terms of agreements executed with respective tenants.
- d) Service receipts and interest from customers is accounted for on accrual basis.
- e) Divided income is recognised when the shareholder or unit holder's right to receive payment is established, which is generally when shareholder approve the dividend.
- f) Share of profit/loss from firm in which the Company is a partner is accounted for in the financial year ending on the date of the Balance Sheet.
- g) Interest income is recognized using effective interest method.
- h) Interest on arrears of allotment money is accounted in the year of receipt.

Revenue from fixed-price, fixed-time frame contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage - of -completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Maintenance revenue is recognized ratably over the term of the underlying maintenance arrangement.

m) Claims

Claims lodged by and lodged against the Company are accounted in the year of payment or settlement thereof.

n) Borrowing costs

Borrowing costs directly attributable to the acquisition and/or construction/production of qualifying assets which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are charged to Statement of Profit and Loss as incurred. Borrowing consist of interest and other costs that the Company incurs in connection with the borrowings of funds.

o) Employee benefits

Benefits such as salaries, wages and short term compensations etc. and the expected cost of ex-gratia is recognized in the period in which the employee renders the related service.

The Company's Gratuity and Leave encashment schemes are defined benefit plans. The Company provides for gratuity covering eligible employees on the basis of actuarial valuation as carried out by an independent actuary using the Projected Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans is based on the market yields on Government securities as at the Balance Sheet date.

The liability is un-funded. Actuarial gains and losses arising through re-measurement of net defined benefit liability/(assets) are recognised in 'Other Comprehensive Income'. Leave encashment benefits payable to employees of the Company with respect to accumulated leave outstanding at the year end are accounted for on the basis of an actuarial valuation as at the Balance Sheet date.

Contributions payable by the Company to the concerned government authorities in respect of provident fund, family pension fund and employees state insurance are defined contribution plans. The contributions are recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service. The Company does not have any further obligation in this respect, beyond such contribution. Other employee benefits are accounted for on accrual basis.

p) Foreign currency**Transaction and translation**

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

q) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

r) Dividends

Dividend on equity shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

s) **Income taxes**

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in 'Other Comprehensive Income'. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and associates where it is expected that the earnings of the subsidiary or associates will not be distributed in the foreseeable future. The Company off sets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to share premium.

t) **Earnings per equity share**

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

u) **Leases**

Leases where the lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating lease. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on straight line basis over the lease term. Finance lease which effectively transfer to the Company substantial risk and benefits incidental to ownership of the leased items, are capitalized and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit and Loss over the lease term.

v) **Segment reporting**

Operating segments are reported in the manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Managing Director of the Company has been identified as CODM and he is responsible for allocating the resources, assess the financial performance and position of the Company and makes strategic decisions.

The Company has identified one reportable segment ""Real Estate"" based on the information reviewed by the CODM. Refer Note no. 40 for the Segment information presented.

w) **Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle.
- b) Held primarily for the purpose of trading.
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle.
- ii) It is held primarily for the purpose of trading.
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

x) Recent accounting pronouncements

Ind AS-116 'Leases': On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS-116, 'Leases'. Ind AS-116 will replace the existing leases Standard, Ind AS-17 'Leases', and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS-116 introduces a single lessee accounting model and require a lessee to recognize assets and liabilities for all leases with of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Statement of Profit and Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS-116 substantially carries forward the lessor accounting requirements in Ind AS-17.

The effective date for adoption of Ind AS-116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

- a) Full retrospective – Retrospectively to each prior period presented applying Ind AS-8 'Accounting Policies, Changes in Accounting Estimates and Errors,
- b) Modified retrospective – Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or • An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS-17 immediately before the date of initial application. Certain practical expedients are available under both the methods.

The Company is in the process of assessing the impact of this new standard.

Ind AS-12 Appendix C, 'Uncertainty over Income Tax Treatments': On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS-12 Appendix-C, 'Uncertainty over Income Tax Treatments' which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS-12. According to the Appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates. The standard permits two possible methods of transition - i) Full retrospective approach – Under this approach, Appendix-C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight, and ii) Retrospectively with cumulative effect of initially applying Appendix-C recognized by adjusting equity on initial application, without adjusting comparatives. The effective date for adoption of Ind AS 12 Appendix-C is annual periods beginning on or after April 1, 2019. The Company does not have any impact on account of this notification.

Amendment to Ind AS-12 – Income taxes: On March 30, 2019, the Ministry of Corporate Affairs issued amendments to the guidance in Ind AS-12 'Income Taxes', in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in the Statement of Profit and Loss, Other Comprehensive Income or Equity according to where the entity originally recognised those past transactions or events. Effective date for application of this amendment is annual period beginning on or after April 1, 2019.

Amendment to Ind AS-19 – Plan amendment, curtailment or settlement - On March 30, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS-19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity: i) to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and ii) to recognise in the Statement of Profit and Loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

31 The construction activities at one of the Company's residential Group Housing Project, named 'Madelia', in Sector M-1A, Manesar, Gurugram, Haryana, were suspended consequent upon pending litigation at the Hon'ble Supreme Court of India. On March 12, 2018, The Hon'ble Supreme Court of India has pronounced an order in the matter requiring the Company to file its claim for the subject Project before the Office of the Haryana State Industrial and Infrastructure Development Corporation Limited (HSIIDC). Accordingly, the Company has lodged its claim before HSIIDC on April 26, 2018, and is continuously pursuing HSIIDC for the settlement of its claim. In view of the uncertainty on the time and amount of the aforesaid claim, no accounting entry has been effected in the books of account of the Company, the same will be incorporated once the amount of the claim is finalized by HSIIDC.

32 The State Government of Haryana, did not fulfil its obligations in the matter of grant of sales tax exemption. The Company had filed a writ petition before the Hon'ble High Court of Punjab and Haryana, situated at Chandigarh, which was admitted and is yet to be fully disposed. The Company has been advised that no liability is likely to arise on account of sales tax, and accordingly, no provision has been made by the Company in its books of account.

33 The Board of Directors of the Company in its meeting held on August 29, 2018, has approved a Composite Scheme of Arrangement for Amalgamation of Anant Raj Agencies Private Limited (a promoter group Company) with the Company and simultaneous Demerger of the Project Division of the Company into Anant Raj Global Limited (presently a wholly owned subsidiary of the Company), which shall have identical shareholding and shall be independently listed through scheme of Arrangement on stock exchanges where the equity shares of the Company are listed. Further, the Composite Scheme of Arrangement is under consideration before Hon'ble National Company Law Tribunal, Chandigarh Bench at Chandigarh for their approval.

34 Balances grouped under trade receivables, sundry creditors and loans and advances recoverable in cash or in kind are subject to confirmation from subjective parties.

35 The Company has filed appeals before the Hon'ble High Court of Delhi against the decision of the Hon'ble Appellate Tribunal (ITAT) in the matter of three reassessment proceedings which matters have been admitted.

A demand of ₹ 2,79.12 lakhs (₹ 2,79.12 lakhs) [excluding interest and additional tax] has been raised by the Income tax Department for the years under these appeals. The Company has not made any provision in the books of account as the Company has been advised that no liability is likely to crystallize on this account.

43 FINANCIAL INSTRUMENTS

Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

(₹ In Lakhs)

Particulars	March 31, 2019	March 31, 2018
Borrowings (long-term and short-term, including current maturities of long term borrowings)	279746.58	260043.67
Trade payables (Note 18)	1307.57	847.08
Other payables (Note 15 & 19)	67054.86	60467.20
Less: Cash and cash equivalents (Note no. 10 & 11)	(9220.60)	(26624.60)

Capital and net debt	765207.64	734687.02
Gearing ratio (Net debt/Capital and Net debt)	44.54%	41.31%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

44 FAIR VALUE MEASUREMENTS

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

The following is the basis of categorising the financial instruments measured at fair value into Level 1 to Level 3:

- i) Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.
- ii) Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- iii) Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs).

Trade receivables, cash and cash equivalents, other bank balances, loans, other current financial assets, trade payables and other current financial liabilities: Approximate their carrying amounts largely due to short-term maturities of these instruments.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of all the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of the financial instruments subsequent to the respective reporting dates may be different from the amounts reported at each year end.

45 FINANCIAL RISK MANAGEMENT OBJECTIVES

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include inventory, trade and other receivables, cash and cash equivalents and land advances that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. Financial instruments affected by market risk include loans and borrowings.

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets.

Trade receivables

- i) Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Company's credit risk in this respect.

Receivables resulting from other than sale of properties: Credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively.

Financial Instrument and cash deposits

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, the Company's treasury maintains flexibility in funding by maintaining availability under committed credit lines. The management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows.
